I'm a Web Developer currently looking for my first job experience as a junior developer.

I'm looking forward to collaborate on a project. To be part of challenging team and develop my skills.

Work Experience

Barista at Costa Coffee (2018 - currently)

Freelance Adobe Premiere Pro (2018 – currently)

Portfolio

- My Online CV - https://victorbaptista.netlify.app/
- One Soul Academy - https://one-soul-academy.netlify.app/ (That's the current project I'm working on. An app on Self-Development - a theoretical and practical guide called One Soul Academy.)

Youtube Channel

I started a Youtube channel on coding. That's the way I found to retrieve what I've learned so far; to archive solutions; and hopefully to help others.
